Outgoings

- You can contact the International Office for study and internship programs for students
- You seek advice from the International Office on staff mobility for teachers and employees
- You will learn the teaching and working language of the host country
- You check the possible scholarship programs and apply at the IO or other organizations
- You participate in intercultural trainings organizations
- You can get inspired by testimonials from former exchange students

What does the International Office do?

- We support internationalization at Jade University of Applied Sciences
- We establish university cooperations and manage the contract management
- We initiate and coordinate international projects
- We raise third-party funds for scholarships and administer the ERASMUS+ and PROMOS program
- We consult on scholarship application
- We organize intensive courses, language courses during the semester and intercultural courses
- We organize international event evenings for all students
- We offer a tandem and buddy program

Incomings

- Our support services for foreign students: Application training, intercultural courses, buddy and language tandem programs, support with visits to the authorities, offer of German courses
- Advising prospective foreign students on language and other requirements at our University of applied sciences for full-time studies or exchange semesters and support in the application process
- Offering special counseling and support services to prospective and current refugee students
- DSH exam license: we regularly take a DSH exam for proof of language proficiency for admission to a degree program
